

Proven teaching methodology gets children interested in music.

Develops keen sense of pitch, rhythm.

This one year program is an introduction to the world of Indian music designed specifically for children of Indian origin being raised in the Western hemisphere.

This course features simple compositions in sanskrit that are easily grasped by children.

These compositions also strengthen their diction and their musical ear and help them with their piano lessons elsewhere.

Sundays at 2 PM

At Narthanashala Dance Academy

404 2nd Street, Mason

Spring Term begins – April 5, 2009
